

IAFL RELATIONSHIP STEWARDS

List of Organizations with which IAFL has or may aspire to have meaningful relations which are to the mutual benefit of both organizations.

Separated into categories: inter-governmental, international, regional, national and specialist.

Aims: To cement IAFL's reputation as the leading organization of family lawyers; to identify family lawyers who fulfil IAFL's admissions criteria and; to build relationships that can be nurtured even when there is a change in leadership.

The Global President to select relationship stewards each year. This list should go to the IAFL expansion committee each year.
